WELCOMEHOME

Oh, how we've missed you! So much has happened since we last gathered for Shoppe Object 18 months ago. Dreamlike yet very real collective and individual challenges and changes, with deep uncertainty, pitfalls, pivots, and perseverance. But here we are, wide awake, together again and stronger for it. Even thriving in new ways.

We're channeling the energy and surrender of Diana Ross singing, "I have had my mind spun around in space and yet I've watched it growing." Because whether we're on the other side of something or just further down the path of our journey, it sure feels good to be home.

Here's to a wonderful show.

Working in bot traditional materials and "painting with yarn," Caroline has caught the attention of The New York Times and Ace Hote

AARKE BAR ON THE MEZZANINA

After visiting Caroline — head upstairs to the Aarke Bar for complimentary refreshments from the world's number one sparkling water machine. Choose between yuzu basil soda, spruce tonic, sparkling water with essence of cucumber and lime, and more... then be sure to visit The Foundation (D105) to review the full Aarke collection.

SINCERELY

WE COULDN'T HAVE DONE IT WITHOUT YOU

It truly takes a village. Huge thanks to the entire Shoppe Object team, including our production partners at Space, the folks at Pier 36, our caterers, our friends at Soeder for the natural soap and sanitizer (D105), and mostly to all of you — the brands and buyers who give us purpose. We love you.
